

The image features a PrestaCycle logo at the top right, with the brand name in black and red and the website 'prestacycle.com' below it. In the background, there is a PrestaFlator pressure gauge with a black gear-like border and a red hose. The gauge has two scales: an outer scale for PSI (0-160) and an inner scale for bar (0-12). A needle points to approximately 100 PSI. A Presta valve core tool with a black and red handle and a silver metal head is also visible. The overall scene is set against a white background.
